TODAY'S LIVE NEWS OF SUNSHINE STATE

MYSTERIOUS THEFT SANTA FE WILL TURN OUT EN MASSE FOR MAY DAY STUNT

Curio Made of New Mexico Minerals and Valued at \$1,000 Stolen from Woman's Board of Trade in Santa Fe

(Special Dispatch to Evening Herald)
Santa Fe, N. M., May 16.—The valuable table, made entirely of minerals and precious stones of Santa Fe county, exhibited first at the Columbian exposition in Chicago, since at other world fairs and valued at not less than \$1,000 for its mineral contents alone, has been stolen from the Woman's Board of Trade here, where it was kept for years.

The table is very heavy, being entirely of mineral and stone and standing four feet high. It was taken through a rear window of the building, it is believed, since one of the back windows was found open yesterday when the theft was discovered. Recent rains had washed away all footprints, however, and even the penitentiary bloodhounds have been unable to catch any trail. That the theft was committed at night is taken for granted, but as the club building had not been opened for two days, it may have been at any time within the past sixty hours. Even so, it is difficult to understand how so heavy an object could have been taken away without attracting attention.

The table, which is a notable curio, was made by W. Wierdige, a German craftsman, and is a beautiful object of the character. It is made entirely of minerals, inlaid with precious stones, rough and polished, such as turquoise, garnet, etc., found in this country, and also has pictures of the capitol and other public and historic buildings of Santa Fe set in it. A vigorous search will be conducted.

ALAMOGORDO BOY FATALLY HURT BY FALL FROM HORSE

Alamogordo, N. M., May 15.—Darin Pedro, a young man whose home is near Pinos, Otero Co., died Wednesday evening about 10 o'clock from injuries received by a horse rearing and falling upon him Monday morning. He died within a few hours after being brought to Alamogordo for treatment.

Young Pedigo was in the employ of D. L. Stevens and with other boys of the Stevens outfit was camped at the mouth of the Sacramento river, near the Prather ranch, Monday morning, with a bunch of cattle headed for Turquoise, where they were to be sold.

A congress of commercial bodies from all sections of the state also is being planned.

Celebration at High School to be Made Occasion for Motion Picture Harvest. Governor to Present Flag.

ROSWELL AFTER THE SOUTHERN HIGHWAY ROAD CONGRESS

Roswell, N. M., May 15.—Roswell may host a convention of national importance this summer. Last evening at a meeting of the Roswell branch of the Southern National Highway association, held at the Gibson Hotel, a unanimous invitation was extended to the Southern National Highway association to hold its 1914 convention in this city in July, this year.

The selection of a convention site will be up to the executive committee, consisting of two representatives of each state through which the highway extends. In New Mexico, Dr. S. M. Johnson of this city is state organizer and F. E. Lester of Las Cruces is state vice president. Dr. Johnson is one of the prime boosters for the meet at Roswell and Mr. Lester, it is understood, is favorable, as will be delegates from Arizona and California, in an effort to keep the convention in the west. Texas, it is thought, will also work for Roswell. In addition to these, the president, Col. M. Potter, is understood to be favorable to Roswell.

The convention would prove a great thing for Roswell, attracting many visitors here from all over the south, such men as Governor Crail of North Carolina who leads the movement for the highway among the eastern states. Side trips would be run into the Ruidoso country to show visitors what scenic attractions we have to offer, and Roswell doubtless would make a good showing, well worth the trouble.

This seems to be the section of the highway that needs the impetus of the convention worse than all others, and besides Roswell would secure some first-class advertising. Dr. G. T. Veal is president of the local branch of the association.

Capitol Custodian Commission orders Sewer Built.

The capitol custodian commission, at a meeting today passed a resolution instructing the state engineer to proceed at once with the capitol sewer construction, for which the last legislature appropriated \$9,000. This sever

was to have been part of a general sewer system trunk line of which the city of Santa Fe was to pay \$7,000 of the cost. The city has voted the \$7,000 bonds, but the capital commission feels that it cannot wait longer to go on with its part of the construction which will provide adequate sewerage facilities for the capital, the executive residence and the state prison.

Another Big Meeting for the Summer School.

The directors of the summer school to be held in August announced today the securing of a conference of forestry officers and employees here during the sessions. The project has my approval of the forest service and will be attended by forestry men from all parts of the southwest.

A congress of commercial bodies from all sections of the state also is being planned.

PLAINTIFF CLAIMS THE WHOLE TOWN OF EL RITO, NEW MEXICO

Santa Fe, N. M., May 15.—A suit of unusual interest, as it involves possession of practically the entire town of El Rito, Rio Arriba county, was filed yesterday in the district court by Attorney George Volney Howard of Santa Fe. The case is known as Sixto Chaves plaintiff, vs. Tobias Gonzales, defendant, and is an election proceeding. Chaves claims title to some 156 acres through a United States patent and the claim covers the town of El Rito. At least a hundred persons, it is said, may be affected by the outcome of the suit. It is admitted by Mr. Howard that there are certain parties that may have adverse possession and cannot be ousted. It is a test case, however, to ascertain who may be ousted and who will retain their land.

When asked how it was possible for a man owing nearly a section of land to allow a town to spring up on it and people to establish homes without protest until this day, Mr. Howard said that Chaves has simply hitherto neglected to assert his right.

He has finally decided to assert his right, to ascertain who may be ousted and who will retain their land.
